

A United States Youth Futsal Development Academy

COLUMBUS FUTSAL & STREET SOCCER ACADEMY

2019/20 SEASON

Columbus Futsal Academy

2019/20
Vision

Our goal is to build a positive futsal culture within the city of Columbus. We advocate for safe places to play, promote futsal in its purest form, and center our programming around keeping kids healthy, happy, and striving for their ambitions.

Our programs are designed to serve each individual athlete, from a 3-year-old Start Smart Futsal-er to an 18 year old playing on the national level. We meet the needs of an athlete wherever we find them, regardless of their level of development. Our certified coaching staff are dedicated and passionate. They are eager to share their knowledge; preparing our athletes to be successful on and off the court.

The Columbus Futsal organization consists of a men's professional team, a budding women's team, league play, free pick-up futsal, and outreach clinics. We are 1 of 25 accredited United States Youth Futsal development academies in the Nation.

Executive Bios

President & CEO

Malissa Galiffo Garcia

Malissa is the co-owner of the Columbus Futsal family of companies. She oversees the development and growth of Columbus Futsal and the day-to-day operations and organization.

She was first introduced to the sport of futsal in 2014 during a visit to Naples, Italy. A few months later she discovered futsal in her home town and became an integral part of the modernized Columbus Futsal you see booming in this city today.

Coming from an esthetics background, Malissa has always been up for the challenge of advocating the taboo or lesser heard of things in life. She has the vision to see their niche and potential, as well as, attractive benefits when used correctly in their tried and true fashion. For over a decade, Malissa was a well-established esthetician winning "The Best Of" and multiple top sales awards working under several physicians at cosmetic practices in Ohio and North Carolina. During those years she also became an esthetics instructor preparing hundreds of students for licensure under State Board exams and sitting on the esthetics education board of a local college. Eager to learn more about the beauty industry, she was offered a secondary role for the medical practices as social media and marketing specialist, where she also had been quite successful at building brand awareness and engaging a loyal community.

Malissa was a competitive gymnast and body-builder into her mid-twenties. Now, she is one of the very few and well-respected females in the futsal industry and holds several licenses and certificates including U.S. Youth Futsal Regional Level 4 license and Futsal Systems of Play by Fabiano Ventura. She is a member of Columbus Young Professionals, Experience Columbus, ECDI Women's Business Center, National Italian-American Foundation, and committee chair member of the Arnold Sports Festival.

She is the mother to four boys; Ashton, Madden, Milano, and Francesco. If you ask Malissa anything about Columbus Futsal and her mission in this venture, she will tell you, "It's all about the kids!" Holding true to that sentiment, she recently founded the Columbus Futsal Foundation, a U.S. 501(c)3 non-profit.

Street Futsal Pickup

Ages 7-Adult

We value the importance of unstructured play and find it has a huge relevance to the passion, creativity and joy of the sport!

Pick-up street play is the very foundation of CFA's existence. We were born on concrete. We have a very unique approach to player development at Columbus Futsal & Street Soccer Academy, that provides a dedicated but balanced methodology to help you succeed on and off the court. The importance of both **structured play** (club soccer, academies, coaches, etc.) and **unstructured play** (pick-up, play with friends/parents, etc.) are key building blocks you will find here as they are rarely found throughout the US. Family understanding on the benefits of futsal, and many other important factors add to every player's success. We call attention to your passions. Instilling a South American style of play, driving you to your most dynamic capabilities. This game is always free & alive.

Simply put, we "*Play How the World Plays!*"

Columbus Futsal Academy

2019/20

Programs

Start Smart Futsal

Player Birth Years: 2013-2015

A premier toddler program building a strong soccer foundation with futsal first!

Start Smart Futsal is a unique and fun learning experience for 2-6 year olds. This is an introductory program to the sport of futsal and the **FUNDamentals** of the game for your future star! They will enjoy becoming familiar with the ball at their feet by using balance, coordination, and creativity! This developmentally appropriate program allows students to participate together once a week and have **FUN!**

CFA encourage positive play with fun dribbling obstacles, keep-away games, and shooting goals. This is a great introduction for children to build a lifelong passion of the beautiful game! Positive parental participation is sometimes required.

6 week developmental instruction.
Includes t-shirt and size 2 Senda ball.

Columbus Futsal Academy

2019/20

Programs

CFA Player Development

Player Birth Years: 2011 - 2013

Geared toward all levels of experience, including beginners, recreational and developmental players.

The player development program is designed for young players who are new to the sport of futsal and helping them gain positive individual participation experience and learn to work as a team. This level is to teach the basic fundamentals of the sport and instill a life-long love for the game.

They will train 1x/week late fall through early spring and have an average of 12 CFL games on the weekends. Tournaments are optional depending if the age division is offered.

During this time players will build a strong technical foundation to propel them into pre-academy or academy programs in CFA and become confident when participating in the outdoor soccer scene.

In future seasons we hope to offer this level to more age groups who are first interested in learning how to play and solely using this futsal system through age 12.

Columbus Futsal Academy

2019/20

Programs

CFA Pre-Academy

Player Birth Years: 2002 - 2011

For players wanting superior training to become more dynamic athletes and participate in a challenging academy environment.

Players chosen to pre-academy teams will participate in a 5 month program late fall to early spring. This consists of an average of 36 technical and tactical training sessions (2x/wk), 12 Columbus Futsal League (CFL) games including playoff opportunities, and two USYF sanctioned tournaments either local or in a neighboring state to ensure the most meaningful competition.

While futsal is a sport in its own right, many use it as a training or development tool for the outdoor game. The CFA pre-academy system is widely recognized to compliment a player's outdoor soccer performance, not compete with it.

Pre-academy players may participate in some USYF Academy events by special invitation and are strongly urged to participate in the USYF Ohio State ID trial period.

Columbus Futsal Academy

2019/20

Programs

CFA USYF Academy

Player Birth Years: 2002 - 2010

A year-round futsal program playing at the highest level in the United States for serious soccer and futsal athletes.

The USYF Academy Program is United States Youth Futsal's most recent program. Designed to produce players of exceptional ability in both soccer and futsal, the USYF Academy Program maximizes technical proficiency, tactical awareness, pinpoint passing, fast decision-making and a multitude of other standout attributes. The CFA USYF Academy players will participate in a 10 month program consisting of an average of 62 training sessions (2x/wk winter/summer and 1x/wk spring/fall), 12 Columbus Futsal League (CFL) games, USYF Championship series, USYF Showcases and cross-regional competition.

The Academy curriculum is best suited for players who want to participate in high-level technical and tactical futsal training sessions, competitive league play, and regional and national tournaments. The Academy structure will complement – not compete with – a player's regular soccer club training and offer structure both on and off the futsal court.

Local Academy Owners/Directors directly impact how youth futsal talent is cultivated locally and nationally, and provide players with opportunities to train and compete alongside similarly skilled players from other clubs in the nation. USYF and Academy owners work closely together to optimize regional and national exposure for local Academy players through I.D. Trials, and club and collegiate showcases. USYF supports each Academy Owner/Director by providing training curriculum, programmatic and administrative resources, and a network of national and international experts.

Columbus Futsal Academy

2019/20

Programs

USYF State ID

Player Birth Years: 2002 - 2010

The first step toward U.S. Youth Futsal National Teams

The U.S. Youth FUTSAL I.D. program identifies and develops elite players in a highly competitive and challenging environment through its Futsal I.D. State Trials. Top players from each identification trial are invited to participate in the U.S. Youth Futsal National I.D. trials for training and matches.

OHIO STATE FUTSAL I.D. Trials are available to boys and girls born 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, and this year 2010.

State I.D. trials are offered in Columbus, Akron, and Cincinnati. If you cannot attend your State session you may attend a nearby State I.D.

Columbus Futsal Academy

2019/20

Programs

USYF National ID

Player Birth Years: 2002 - 2010

Gain International playing experience with the U.S. Youth Futsal National Teams!

Top players from each State identification trial are invited to participate in the U.S. Youth Futsal National I.D. trials for training and matches. The U.S. Youth Futsal International Teams are selected from the National ID Trials.

Assembling the very best futsal players to train and compete under the guidance of the United States Youth Futsal National Coaching Staff assures the highest level of futsal development possible.

U.S. Youth Futsal National Teams are formed for boys and girls born 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009 and 2010. Recent trips include Costa Rica, Colombia, Canada, Portugal, Argentina and this winter they will travel to compete in Spain.

Columbus Futsal Academy

2019/20

Programs

Mentor-Mentee Program

Player Birth Years: 2002 - 2004

Work toward High School volunteer hours or lowering tuition

Last season we piloted a mentor-mentee program by pairing experienced high school players with younger beginners at CFA. It went so well that they have all requested to mentor coach again and others have asked to be mentors for the upcoming season! Mentors help out during games and keep the younger players organized in training, while learning a ton about the coaching side, leadership, and empowerment. This year our mentor-mentee program will allow high schoolers to use the time toward volunteer hours and/or discounts on their tuition. The mentor-mentee program is open to both high school boys and girls. High School players must fill out an application.

Program Benefits

CFA specializes in the promotion and education of the sport of futsal through training programs and the organization of leagues and tournaments. We are dedicated to player development in Central Ohio.

Participant focused over performance focused. The experience of the participant is our top priority. We believe when participants are happy the performance they desire as a team will come naturally.

Our Program Benefits Include:

- Year-round training. Once per week in the spring & fall. Twice per week in the winter & summer.
- Two tournaments with additional optional events
- USYF Sanctioned Winter League (CFL)
- USYF Academy with the most meaningful competition
- United States Youth Futsal National Staff Coaches
- Access to Nationwide Children's Sports Medicine services and priority scheduling
- Goleiro specific training included
- Cultural learning experiences through community partners and guest coaches
- Guest playing opportunities at the highest level
- Player Safety Initiatives
- Special access to observe CF professional team trainings and games

2019/20
Policy

Columbus Futsal Academy is committed to maintaining its independence and objectivity of being a futsal specific academy through the formation of teams and trainings. We ARE club neutral and have no soccer club affiliation. Although we utilize the support and cooperation of soccer coaches from many neighboring soccer programs, we have a strict “no recruiting policy.” Soccer players from all clubs can rest assured that they will never be pressured to join other clubs in the course of playing futsal for CFA. In addition, our independence and objectivity are reflected in the fact that we provide equal, unbiased opportunity for all players in our open player evaluation process.
